

MODECOM

WIRELESS KEYBOARD AND MOUSE SET MODECOM MC-7200

✓ **WIRELESS FULL-SIZE KEYBOARD**

✓ **COMFORTABLE AND ERGONOMIC SET FOR WORKING AND LEARNING**

✓ **WIRELESS MOUSE**

Full-size

The full-size keyboard with multimedia keys is comfortable to work with - thanks to an easily accessible numeric section.

Scissor mechanism

Do you love writing or working on a laptop? Or is it a habit? The scissor mechanism used in the keyboard allows you to work in the already known and pleasant way.

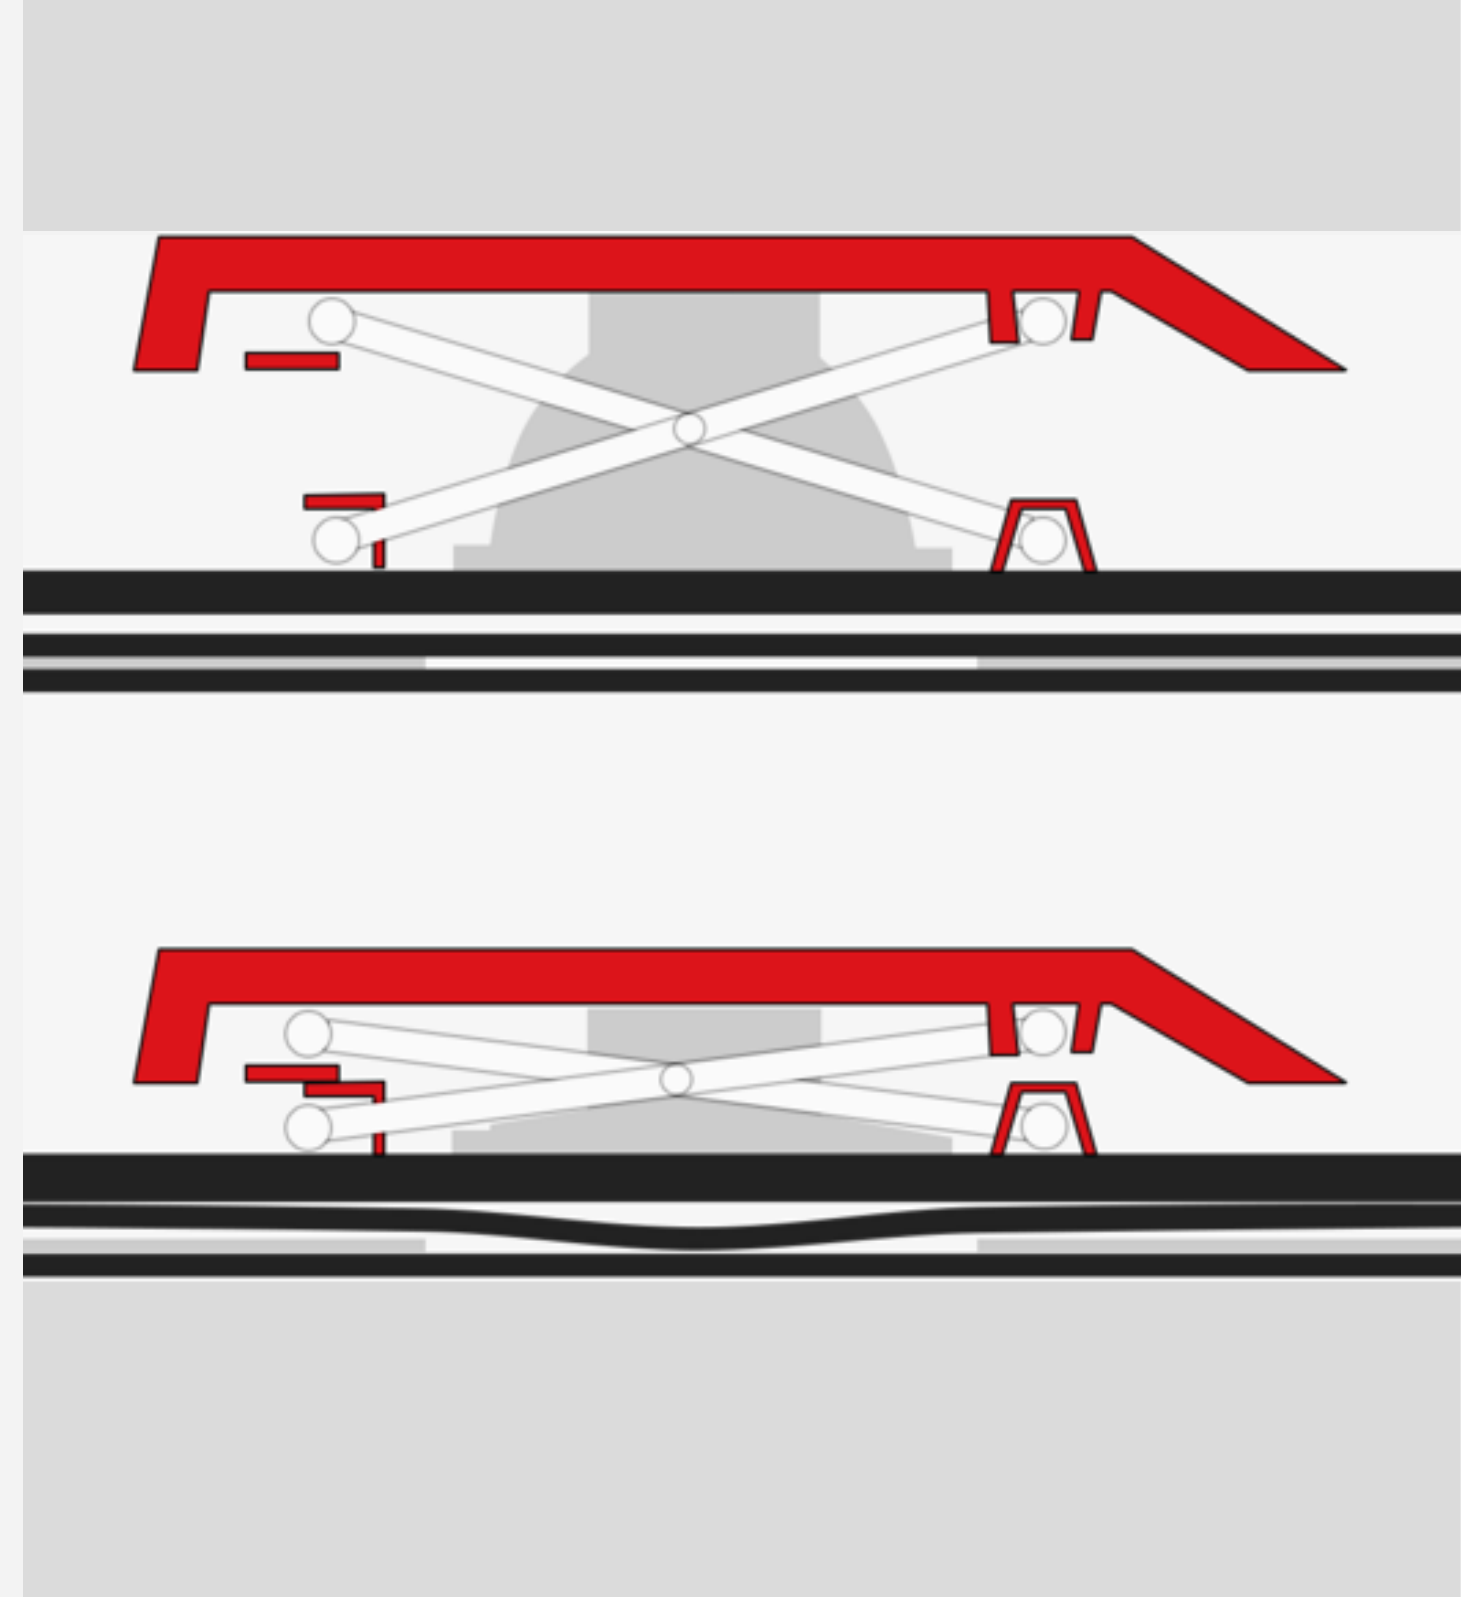

Mouse

MODECOM MC-7200 is a complete set - mouse and keyboard. The mouse is ergonomic and will prove itself during work and study. In addition, high energy efficiency ensures long battery life.

Scissor mechanism

The MODECOM MC-7200 keyboard is based on a scissor-type mechanism. The scissor mechanism owes its name to the movable and flexible handles, the shape of which resembles scissors. The key attached to the membrane with "scissor" handle, makes typing not only comfortable, but simply enjoyable. The keyboard user will have the impression that their fingers are flowing at an even pace on the soft and pleasant to touch keys. Scissor-type keys react very quickly to pressure. They also make a pleasant, very soft sound. This type of mechanism is commonly used in laptops.

Wireless convenience for work and study

By choosing the MODECOM MC-7200 set, you will receive a comfortable, full-size keyboard with a mouse. MODECOM MC-7200 is a combo set, which is characterized by the fact that only one Nano receiver is needed to connect the keyboard and mouse to the computer. It is a very comfortable solution that will allow you not only to save the USB port on your computer. This solution is useful during your business trips, during which you will not have to wonder if you took all the necessary elements with you.

Wireless

Thanks to wireless technology, you can work on a computer without limits of operation and in very convenient way.

The interface used will provide you with a stable connection. If you are a person who appreciates freedom, you will certainly appreciate the wireless nature of the keyboard and mouse. Thanks to the large range, you will be able to use the equipment freely while away from the computer.

Literally without the need to tie them to a computer. What's more, the wireless keyboard and mouse also increases the aesthetics of the workplace.

Construction

The mouse included in the MC-7200 set has an ergonomic design that makes it fit perfectly in your hand.

Energy saving mode

The mouse is equipped with a special sensor that automatically goes into energy-saving mode when you are not using it.

Scissor mechanism

Perfect for typing and working.

Battery discharge control

The keyboard has an LED that will light up when the battery level is low.

Ergonomic shape of the keys

The keys are characterized by an ergonomic shape, which ensures high comfort of work.

Complete convenience

You no longer have to worry about all USB ports on your computer being occupied by accessories. Thanks to the MODECOM MC-7200 set, you can connect the keyboard and mouse to your computer with only one port.

NANO receiver

With just one NANO receiver, you can connect a keyboard and a mouse to your computer at the same time.

Office mouse

If you are a person who values freedom, you will appreciate the wireless nature of the keyboard and mouse. Thanks to the large range, you will be able to use the keyboard and mouse freely while away from the computer. Literally without the need to tie them to a computer.
