WIRED

The product is easy to use and transport.

Mysz MODECOM MC-M10 to urządzenie typu „plug and play”. Po podłączeniu do portu USB, wystarczy odczekać tylko kilka chwil, po których produkt będzie gotowy do pracy.

Cable length.

The MODECOM MC-M10 mouse has a 1.5 meter long cable. This cable length is optimal for comfortable work at the computer.

Convenience of work and study

The modern MODECOM MC-M10 optical mouse is a practical technological solution based on many years of experience in providing computer accessories to the market.

When creating the universal and practical MC-M10 mouse, we have not forgotten the importance of the durability of the buttons and ergonomics of use. Its classic appearance in the available four-color palette (black, white, red, blue) meets the tastes of demanding users who appreciate classics in a modern edition.

The surface of the mouse is made of a pleasant-to-touch material, the advantage of which is that no fingerprints are left after use. MODECOM MC-M10 combines the best features of a classic, solid and ergonomic design with modernity, quality of workmanship and high durability of the microswitches.

The MODECOM MC-M10 mouse is a great choice for any work and study.

Material

The surface of the mouse is made of a pleasant-to-touch material, the advantage of which is the absence of fingerprints after use.

Palette of colours

The mouse not only has to function reliably and not tire your hands. It must also please the eye and that is why we offer it in one of the four available colors.

Switches

Long lifetime of switches - up to 5 million clicks.

Sensor

MODECOM MC-M10 has a 1200 DPI optical sensor.

Ergonomics

The mouse must be comfortable and not tire your hands. This is what the MC-M10 is like. It is a device that reduces fatigue after many hours of use and allows for comfortable work.

Perfect for home and office

Work in the highest comfort
