High quality materials and smart and practical solutions - all this translates into the fact that the MODECOM ACTIVE backpack will work in any situation. You will use the advantages of the backpack not only at work and study. You will also appreciate the solutions during business trips or everyday travel in public transport.

IN ANY SITUATION FOR WORK AND STUDY

Working at home or in the office? Are you at school or university? Or maybe on business trips? Or just need a comfortable, durable and practical laptop backpack? MODECOM ACTIVE is the answer to your needs.

EXTERNAL FRONT POCKET

SMALL BUT PRACTICAL

EXTERNAL FRONT POCKET

One practical external pocket placed in the upper part of the front of the backpack. The space is sufficient to have the most necessary things at hand - a small bottle of water, sunglasses or a pack of tissues ... you can have it all within reach.

MODECOM ACTIVE

SAFETY COMES FIRST

Reflective elements on the straps of the backpack reflect the light of car headlights and thus increase your safety.

Regardless of where you are, thanks to the reflectives, the driver sees you walking along the roadside or pavement much earlier after dark.

And there is nothing as valuable as your safety and health.

POLYESTER and ECO LEATHER

The backpack is made of polyester. It is characterized by high durability and quick drying. Polyester is a non-absorbent material, which means that it does not absorb moisture and effectively protects the contents of the bag during the rain.

The front of the pocket is covered with eco-leather. It gives the backpack elegance, making its design more attractive. A backpack made in this way is a model of elegance that will not go out of fashion in the office environment.

MODECOM ACTIVE

TWO-WAY ZIPPERS

The backpack is closed with a two-way zipper. It is a convenient, quick and practical protection of the contents of the bag.

The advantage of zippers is also their very simple operation.

PRACTICAL

HIGH FUNCTIONALITY

SMART DESIGN

The interior of the backpack has been optimally designed for maximum usability. There is a partition in the main compartment for a laptop and four pockets, e.g. for documents, accessories, notebook etc.

The practical opening of the main compartment ensures optimal convenience of reaching for its contents.

MODECOM ACTIVE

JOURNEY BEGINS!

A strap on the back allows you to put the backpack on a larger travel bag. Practical solutions translate here into the greatest comfort of travel.

MAIN COMPARTMENT

In the main compartment you can fit everything you need. There is enough space for bottle of water, laptop, documents and other things.

In this model, a well-thought-out and designed main compartment determines the functionality of the backpack.

MODECOM ACTIVE

USE THE TECHNOLOGY

Thanks to the USB port, you can keep the power bank in your backpack and conveniently connect your smartphone (or tablet) to the power source. A long walk or other activities will become much easier and more pleasant, while using the smartphone in the open air.
