## *Full anti-ghosting*

The majority of keyboards can register only a few commands actuated by your fingers. Such limitation prevents you from actuating some commands requiring more keys to be pressed in a game. Consequently, it limits the entertainment and influences your results. MODECOM VOLCANO HAMMER keyboard is equipped with full anti-ghosting function. This means that you can press any number of keys you want and they will all be registered. MODECOM VOLCANO HAMMER is a professional tournament gear.
