Car navigation system

High-quality components

The device is controlled by a powerful CPU Mstar MSB2531 800 MHz with very low power consumption. 5" TFT LCD screen allows you to use navigation, regardless of the time of day and atmospheric conditions.

Multimedia

GPS navigation MODECOM FreeWAY SX 2 is a device, which in addition to its primary function - to guide to the destination - has numerous multimedia features. Listening to music and watching videos will make your journey pleasant. Thanks to the FM transmitter, you can connect the device to all speakers.

Case

Components were enclosed in a rubber lined case with modern design.

Display

High quality 5-inch TFT LCD display will make using the device very convenient.
