MODECOM ROYAL MC-KULC-02

The USB power supply for the MODECOM ROYAL MC-KULC-02 is a charger that will quickly and efficiently charge the portable device like a smartphone or tablet. The charger is compact in size and has a USB port and a USB Type-C cable. Thanks to advanced technology the charger is up to 4 times faster compared to other conventional chargers. It is also compatible with all Quick Charge technologies with USB-C input. Thanks to these solutions, you can charge the device up to 80% in just 35 minutes. The power supply also allows standard charging of devices that do not have a quick charging function. MODECOM ROYAL MC-KULC-02 has a built-in LED indicator, which signals the operation of the charger and LED lamp at the end of the cable and can be used as a mini flashlight.

Key features

- ✓ One USB port and cable with USB Type-C tip
- ✓ The charger works not only in cars, but also works well in trucks and delivery vans
- ✓ Fast charging function that allows you to charge the device up to 80% in just 35 minutes
- ✓ Made of high quality materials, dedicated for use when traveling by car
- ✓ LED indicator on the charger
- ✓ LED light at the end of the cable that can be used as a mini flashlight
- ✓ Cable with Type-C tip, 120 cm long

USB car adapter

Practical solutions

The adapter is equipped with one USB socket and a cable with a USB Type-C tip.

A special "straight cable" design protects device port from damage and is the most practical solution.

LED Light

LED indicator on the charger informing about the device's operation. LED light at the end of the cable can be used as a mini flashlight.

High quality

The adapter is made in technology adapted to frequent handling and connection. Adapter is also resistant to shocks occurring while driving a car.

Quick Charge

Thanks to advanced technology the charger is up to 4 times faster compared to other conventional chargers. It is also compatible with all Quick Charge technologies with USB-C input. Thanks to these solutions, you can charge the device up to 80% in just 35 minutes.
