## MODECOM MC-QCU2-07

MODECOM MC-QCU2-07 is a car charger, that will charge your mobile devices such as smartphones or tablets. The charger is very compact and comes with two charging ports, with one of them with certified support of Qualcomm Quick Charge 3.0. Thanks to the advance technology our charger can charge your device upto 4 Times faster if compared to conventional chargers if your device also supports Qualcomm Quick Charge technology. You may reach even 80% of your battery level in only 35 minutes. At the same time our charger can also work with devices not supporting Quick Charge.

## Key features

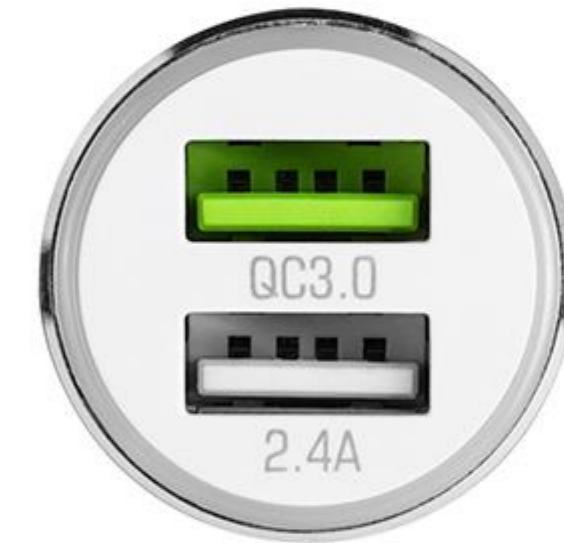

- ✓ Two USB ports including one with Qualcomm Quick Charge 3.0 support.
- ✓ Charger works not only with cars but also with trucks.
- ✓ Quick Charge function allow to charge up to 80% of battery in only 35 minutes.
- ✓ Made with high quality materials.

## USB Car Adapter

### Practical uses

Charge comes with two USB port with one of them certified to support Qualcomm Quick Charge 3.0

### High quality

Our charger is made to survive being on constant move and vibrations while using in the car

### Quick Charge

Qualcomm Quick Charge 3.0 allows our charger to charge your device's battery up 80% within just 35 min.
