

HEADPHONES

MODECOM MC-219U

-
- ✓ Light headphones - only 97 grams.
 - ✓ For work and during video conferences.
 - ✓ Built-in, flexible microphone.

-
- ✓ Remote control placed on the cable for maximum convenience while studying or working.
 - ✓ Good quality sound.

-
- ✓ USB interface.
 - ✓ Comfortable and soft ear cushions.

FOR WORK, LEARNING, TALKING AND VIDEO CONFERENCES

The sound in the headphones has been optimized for conversations, work or study. The built-in, flexible and adjustable microphone clearly records your voice, so the person on the other side of the computer will understand every word you say.

MODECOM MC-219U

SOFT EAR CUSHIONS

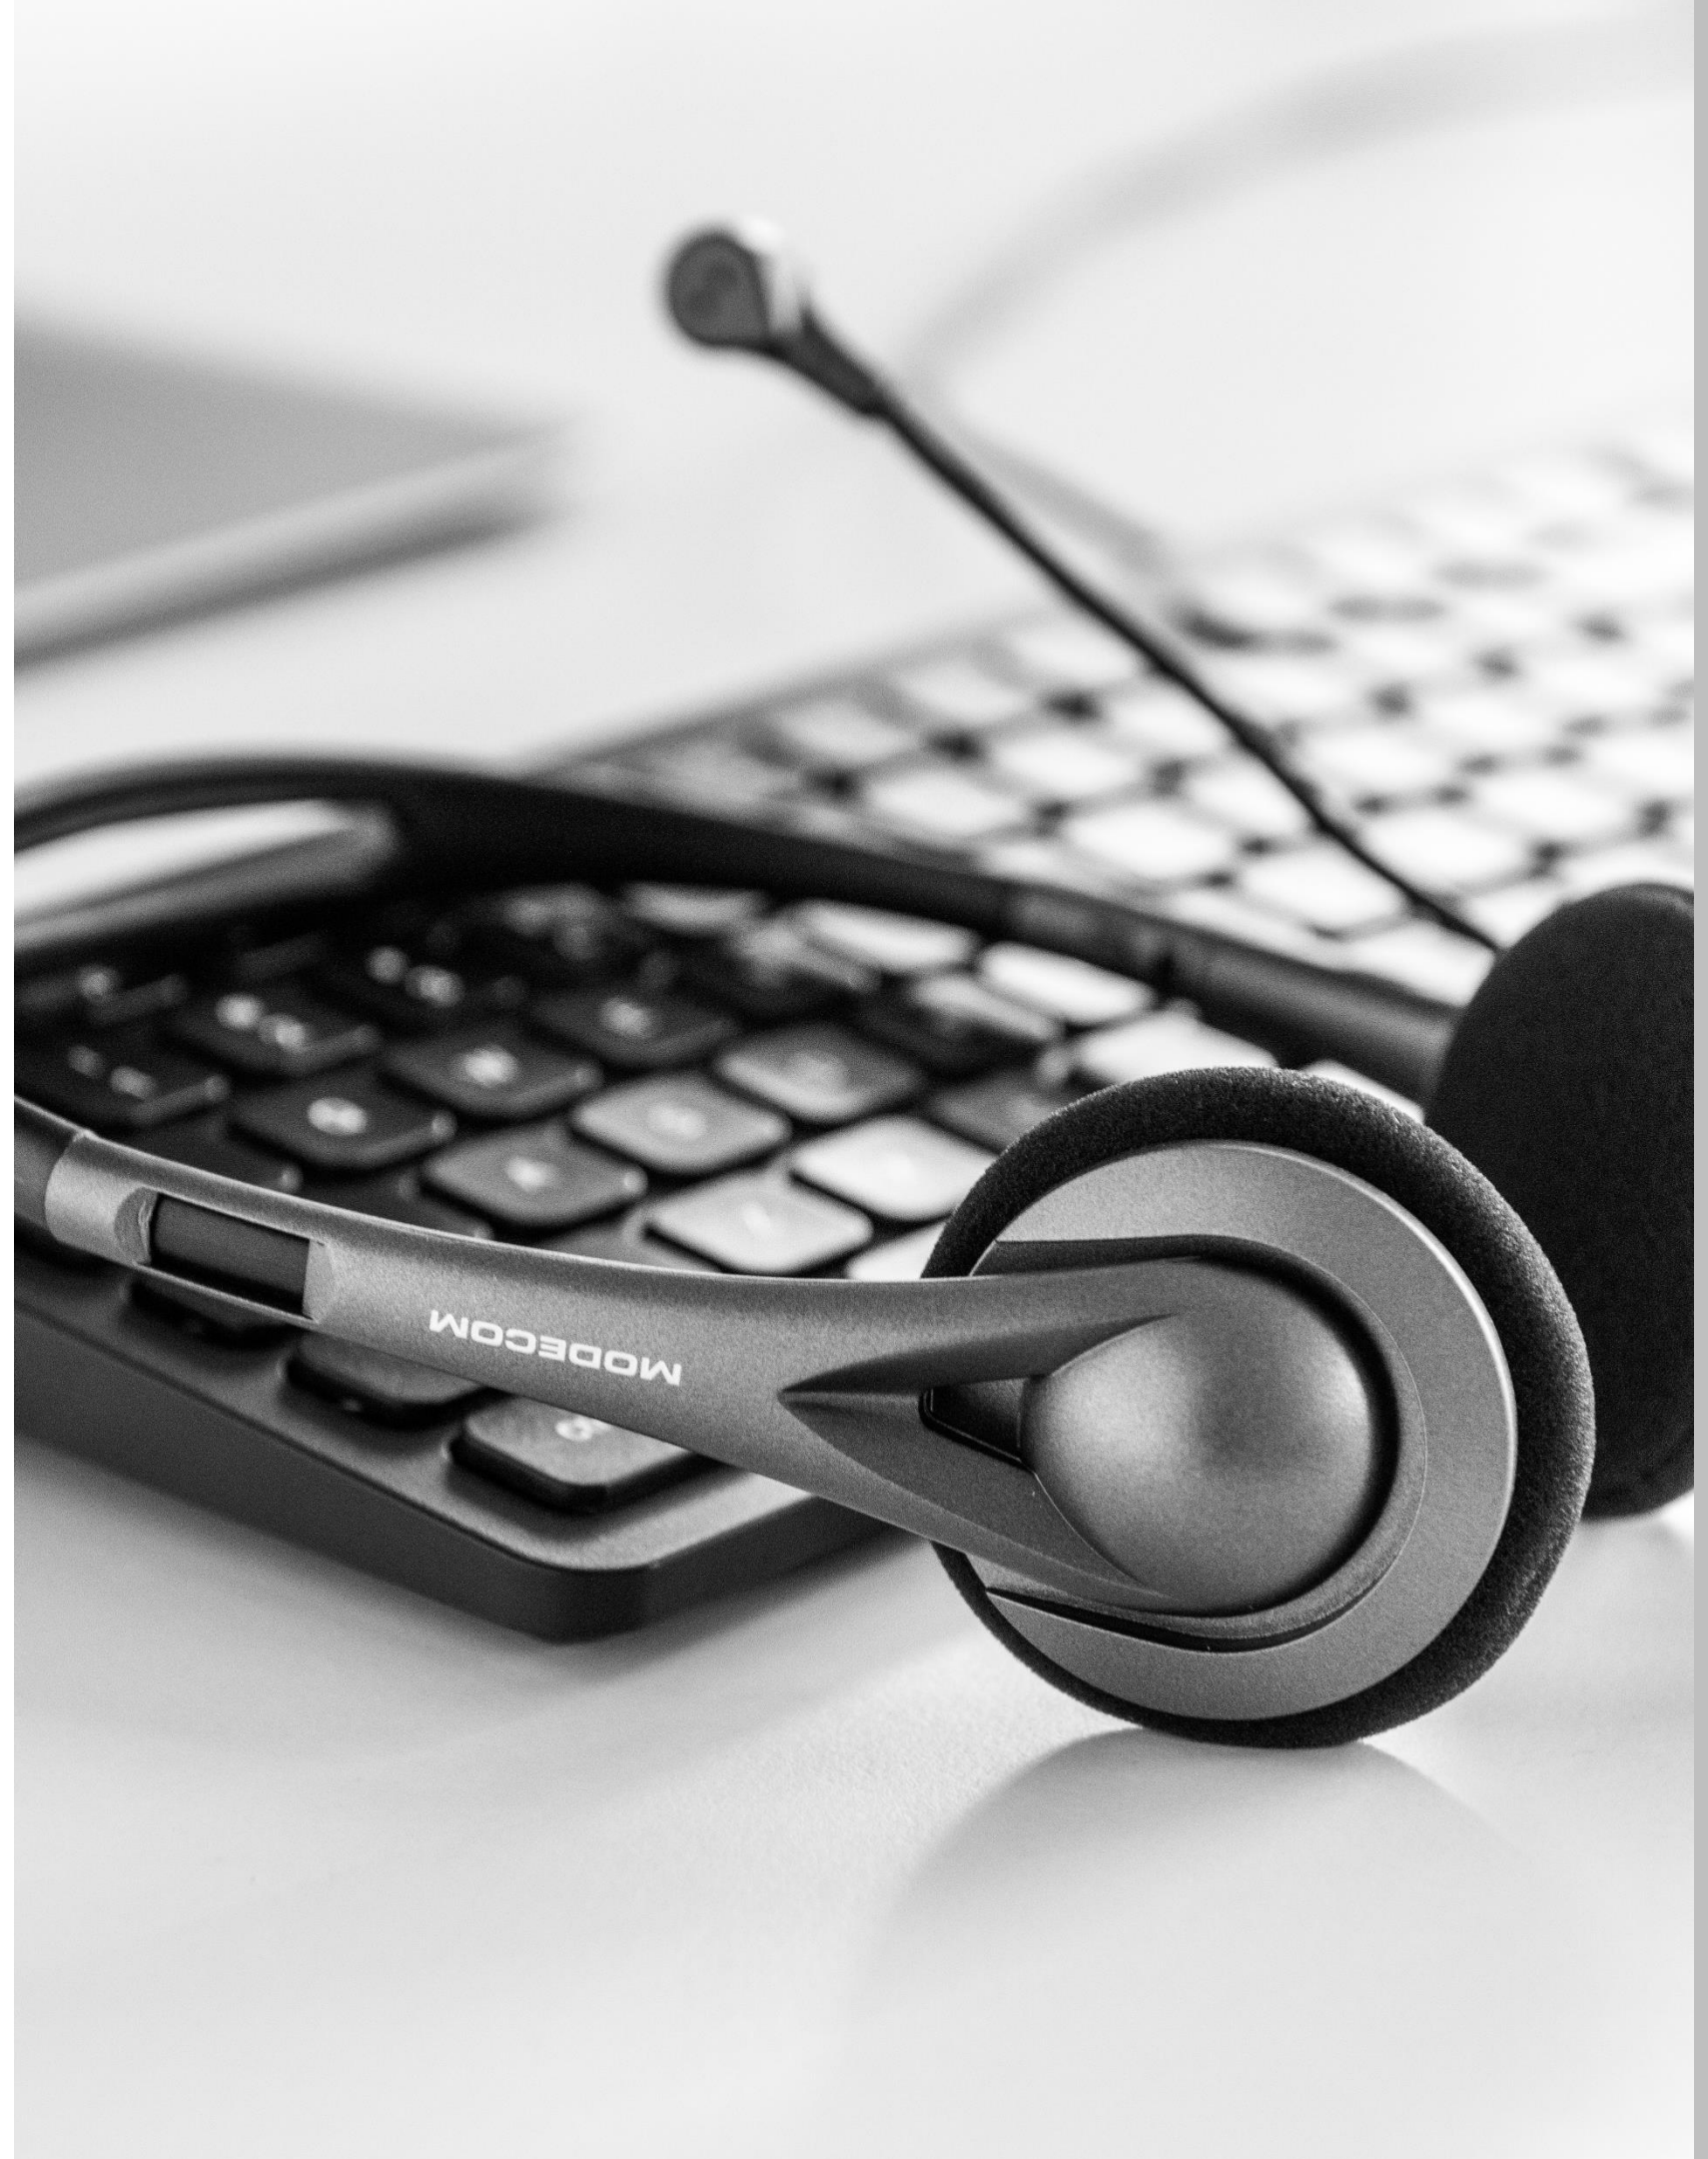

WORK OR STUDY IN COMFORT FOR MANY HOURS

Soft ear cushions provide high comfort and good air flow. The multitude of useful functions and sound optimization for the most comfortable work make using these headphones a pleasure.

MODECOM MC-219U

DESIRABLE LIGHTNESS

Working or studying or just listening to music cannot be tiring. MODECOM MC-219U headphones are lightweight, weighing only 97 grams. Thanks to this, using them for many hours will allow you to fully concentrate on your activities without feeling any discomfort.

- ✓ Microphone mute button on the wired remote control
- ✓ Volume control on the remote control.
- ✓ LEDs indicating: power, microphone mute, audio playback.

COMFORT FIRST

The remote control placed on the cable allows you to quickly and conveniently change the volume and turn the microphone on and off. You can sit comfortably in a chair and manage the sound and microphone according to your needs. The LEDs on the remote control indicate whether the microphone is active and whether sound is being played.

MODECOM MC-219U

PRACTICAL IN ALL CONDITIONS

They can be successfully packed into a bag or backpack and transported with the laptop to any place. This is a great tool for all people working remotely.

INTERFACE USB

Thanks to the USB interface, the headphones are a separate audio device in the computer. Just conveniently connect them to your laptop or personal computer and use them at any time according to your needs.

MODECOM MC-219U headphones have everything what headphones need for studying or working. Good sound, light weight, soft ear cushions - these headphones don't pretend to serve anything else. But this is why they ensure high comfort at work and good sound quality at the same time. They will perform perfectly in the role for which they were created.
