Headphones

Comfortable construction

The headphones were designed so that you are given maximum comfort in use.

Sound

The sound you hear is clear and sharp, and the sensations are even more intense thanks to the highest-quality membranes.

High standard of workmanship

Soft materials with a nice feel let you use the headphones for many hours without fatigue.

Membranes

These membranes will meet your most elaborate expectations.

Headphones

Active Noise Cancelling

The function gives you full range of sensations by eliminating all disturbing sounds from the outside.

Sound

gold-plated plug for higher quality of sound

Build-in microphone

Controller

Built-in controller for maximum comfort in use.

Wireless function

Thanks to Bluetooth technology, the headphones can work wirelessly, and the battery with 300 mAh capacity works for up to 16 hours without charging. Another advantage of the product is that you can use wired technology.
