MODECOM VOLCANO SWORD headphones are dedicated mainly for gaming, but they are universal enough to be suitable both for listening to music and during work or study.

What you will use them for is your choice, we only gave you the tool.

5 REASONS WHY YOU SHOULD HAVE IT

01. COMFORT

Comfortable headphones that will let you play for hours without getting tired.

02. SOUND

Good quality, clear sound that will allow you to enjoy virtual entertainment.

03. LED

LED backlight emphasizes the gaming purpose of the headphones.

04. CABLE

The long (2.2 meters) cable allows for comfortable gaming - the cable does not interfere during long hours of sessions in front of the computer.

05. MICROPHONE

Adjustable and sensitive microphone that picks up your voice well.

LIGHT AND COMFORTABLE

Comfortable headphones are „must have“ during long sessions in front of the computer. If you love gaming, you must feel very comfortable. These lightweight headphones (280 g of weight) will allow you to spend many hours in front of the computer without getting tired. The use of ecological leather on the earpieces and the headband is intended to ensure the greatest possible gaming pleasure.

To increase the strength of the headphones, the guides are reinforced with a light but durable metal. Soft materials fit well to the shape of your head - thanks to this, you can spend a pleasant time with your favorite game for even longer. The eco-leather around the earcups effectively suppresses sounds from the environment, which allows you to enter the world of games with the greatest pleasure.
