# VOLCANO MC-GM5

## COMFORT IS ITS MOTTO

MODECOM Volcano GM5 is a mouse designed especially for right-handed players. Thanks to this design, the hand gets less tired, allowing for comfortable and long fun at the computer.

In addition, on the left side of the mouse, where the thumb rests, is embossed material. It not only increases precision and improves the grip of the mouse, but also reduces the sweating of the thumb to the surface.

The mouse has as many as 8 buttons. Thanks to dedicated software, the buttons can be configured according to your preferences, which makes it a great choice not only for gaming, but also for work or browsing Internet.

Effective LED backlight is a modern and attractive design that emphasizes its gaming purpose.

## DESIGN

Thanks to its profiled shape for right-handed people and a clear RGB LED backlight, mouse will perfectly fit into any gaming stand.

High ergonomics goes hand in hand with a beautiful appearance. The mouse is comfortable and will be perfect for many hours of gaming sessions.

## TAILORED TO YOUR NEEDS

Large configuration options (weight change, number of buttons) allow you to adjust it to your needs. Need a lightweight mouse to play? Nothing simpler - remove the weights. Do you work in different programs and want to configure the buttons of your own key combinations? Yes - that is also possible.
