VOLCANO GMX SILENT ASSASSIN

WHEN SILENCE COMES FIRST

How many times have you played your favorite game "one more, last turn" or played "the last map today"? Probably more than once. And probably more than once in the late evening or even at night, unable to tear yourself away from your favorite game. MODECOM GMX Silent Assassin is a mouse for computer game enthusiasts who, while playing at night, do not want to disturb the quiet with clicking sounds.

The mouse is equipped with ultra-quiet buttons. The whole is complemented by a modern design, very comfortable to use and does not cause hand fatigue for many hours of using the mouse. MODECOM GMX Silent Assassin is equipped with a precise PixArt PAW-3327 sensor and 6 fully customizable buttons. The gaming look is additionally emphasized by the effective RGB LED backlight of 16.7 million colors.

MODECOM GMX Silent Assassin is a "silent killer". Precise, comfortable, quiet - perfect for long gaming at night.

DESIGN

The classic design of the mouse may be liked. Any gaming stand will fit perfectly thanks to its classic shapes and clear RGB LED backlight.

High ergonomics goes hand in hand with a beautiful appearance. The mouse is comfortable and will be perfect for gaming at night.

A SILENT MOUSE HAS ITS BENEFITS

Silent switches are the reason why playing at night will not disturb other household members. Choosing MODECOM GMX SILENT ASSASSIN, your home does not have to be disturbed by the sounds of "clicking".

MEET MODECOM VOLCANO GMX SILENT ASSASSIN

MODECOM GMX SILENT ASSASSIN is a mouse designed with the needs of players in mind. Silent switches do not disturb your home while playing, the precise sensor is suitable for FPS games as well as for strategy, MMO and many other games. The comfortable design does not tire your hands and provides a secure grip, while the effective RGB LED backlight of 16.7 million colors emphasizes the gaming character of the device.

10 REASONS WHY YOU SHOULD HAVE IT

01. SILENT SWITCHES

Silent Switches allow you to play freely at any time of the day or night without the annoying "clicking" noise.

02. PIXART 3327

PixArt® PAW-3327 sensor for high precision in games.
Resolution range 600 - 6200 DPI.

03. DESIGN

Classic and modern design – perfect for any gaming stand.

04. LED RGB

Effective RGB LED backlight.

05. SOFTWARE

The software can be downloaded from the manufacturer's website - www.modecom.com

10 REASONS WHY YOU SHOULD HAVE IT

06. **CONVENIENCE**

A comfortable mouse that allows you to play for hours without feeling tired.

07. **FOR YEARS**

High-quality material will allow you to use it for years.

08. **6 SWITCHES**

6 programmable buttons - adjust the mouse to your own preferences.

09. **MACROS**

You can record macros.

10. **LONG CABLE**

Long, braided cable (180 cm).

CABLE

MODECOM VOLCANO GMX SILENT ASSISSIN is a wired gaming mouse.

A long, 180 cm long and light braided cable reduces the resistance to movement of the mouse and ensures high comfort.

Thanks to this, working with SILENT ASSASSIN is very pleasant, and the cable does not interfere even during intense gaming.

Play the way you like

Configure mouse as you like and play freely - enjoy every minute spent at the computer playing your favorite games.

You can program each button as you like, you can also set macros. You have a wide selection field, so your mouse will serve the way you like.
