VOLCANO MERU

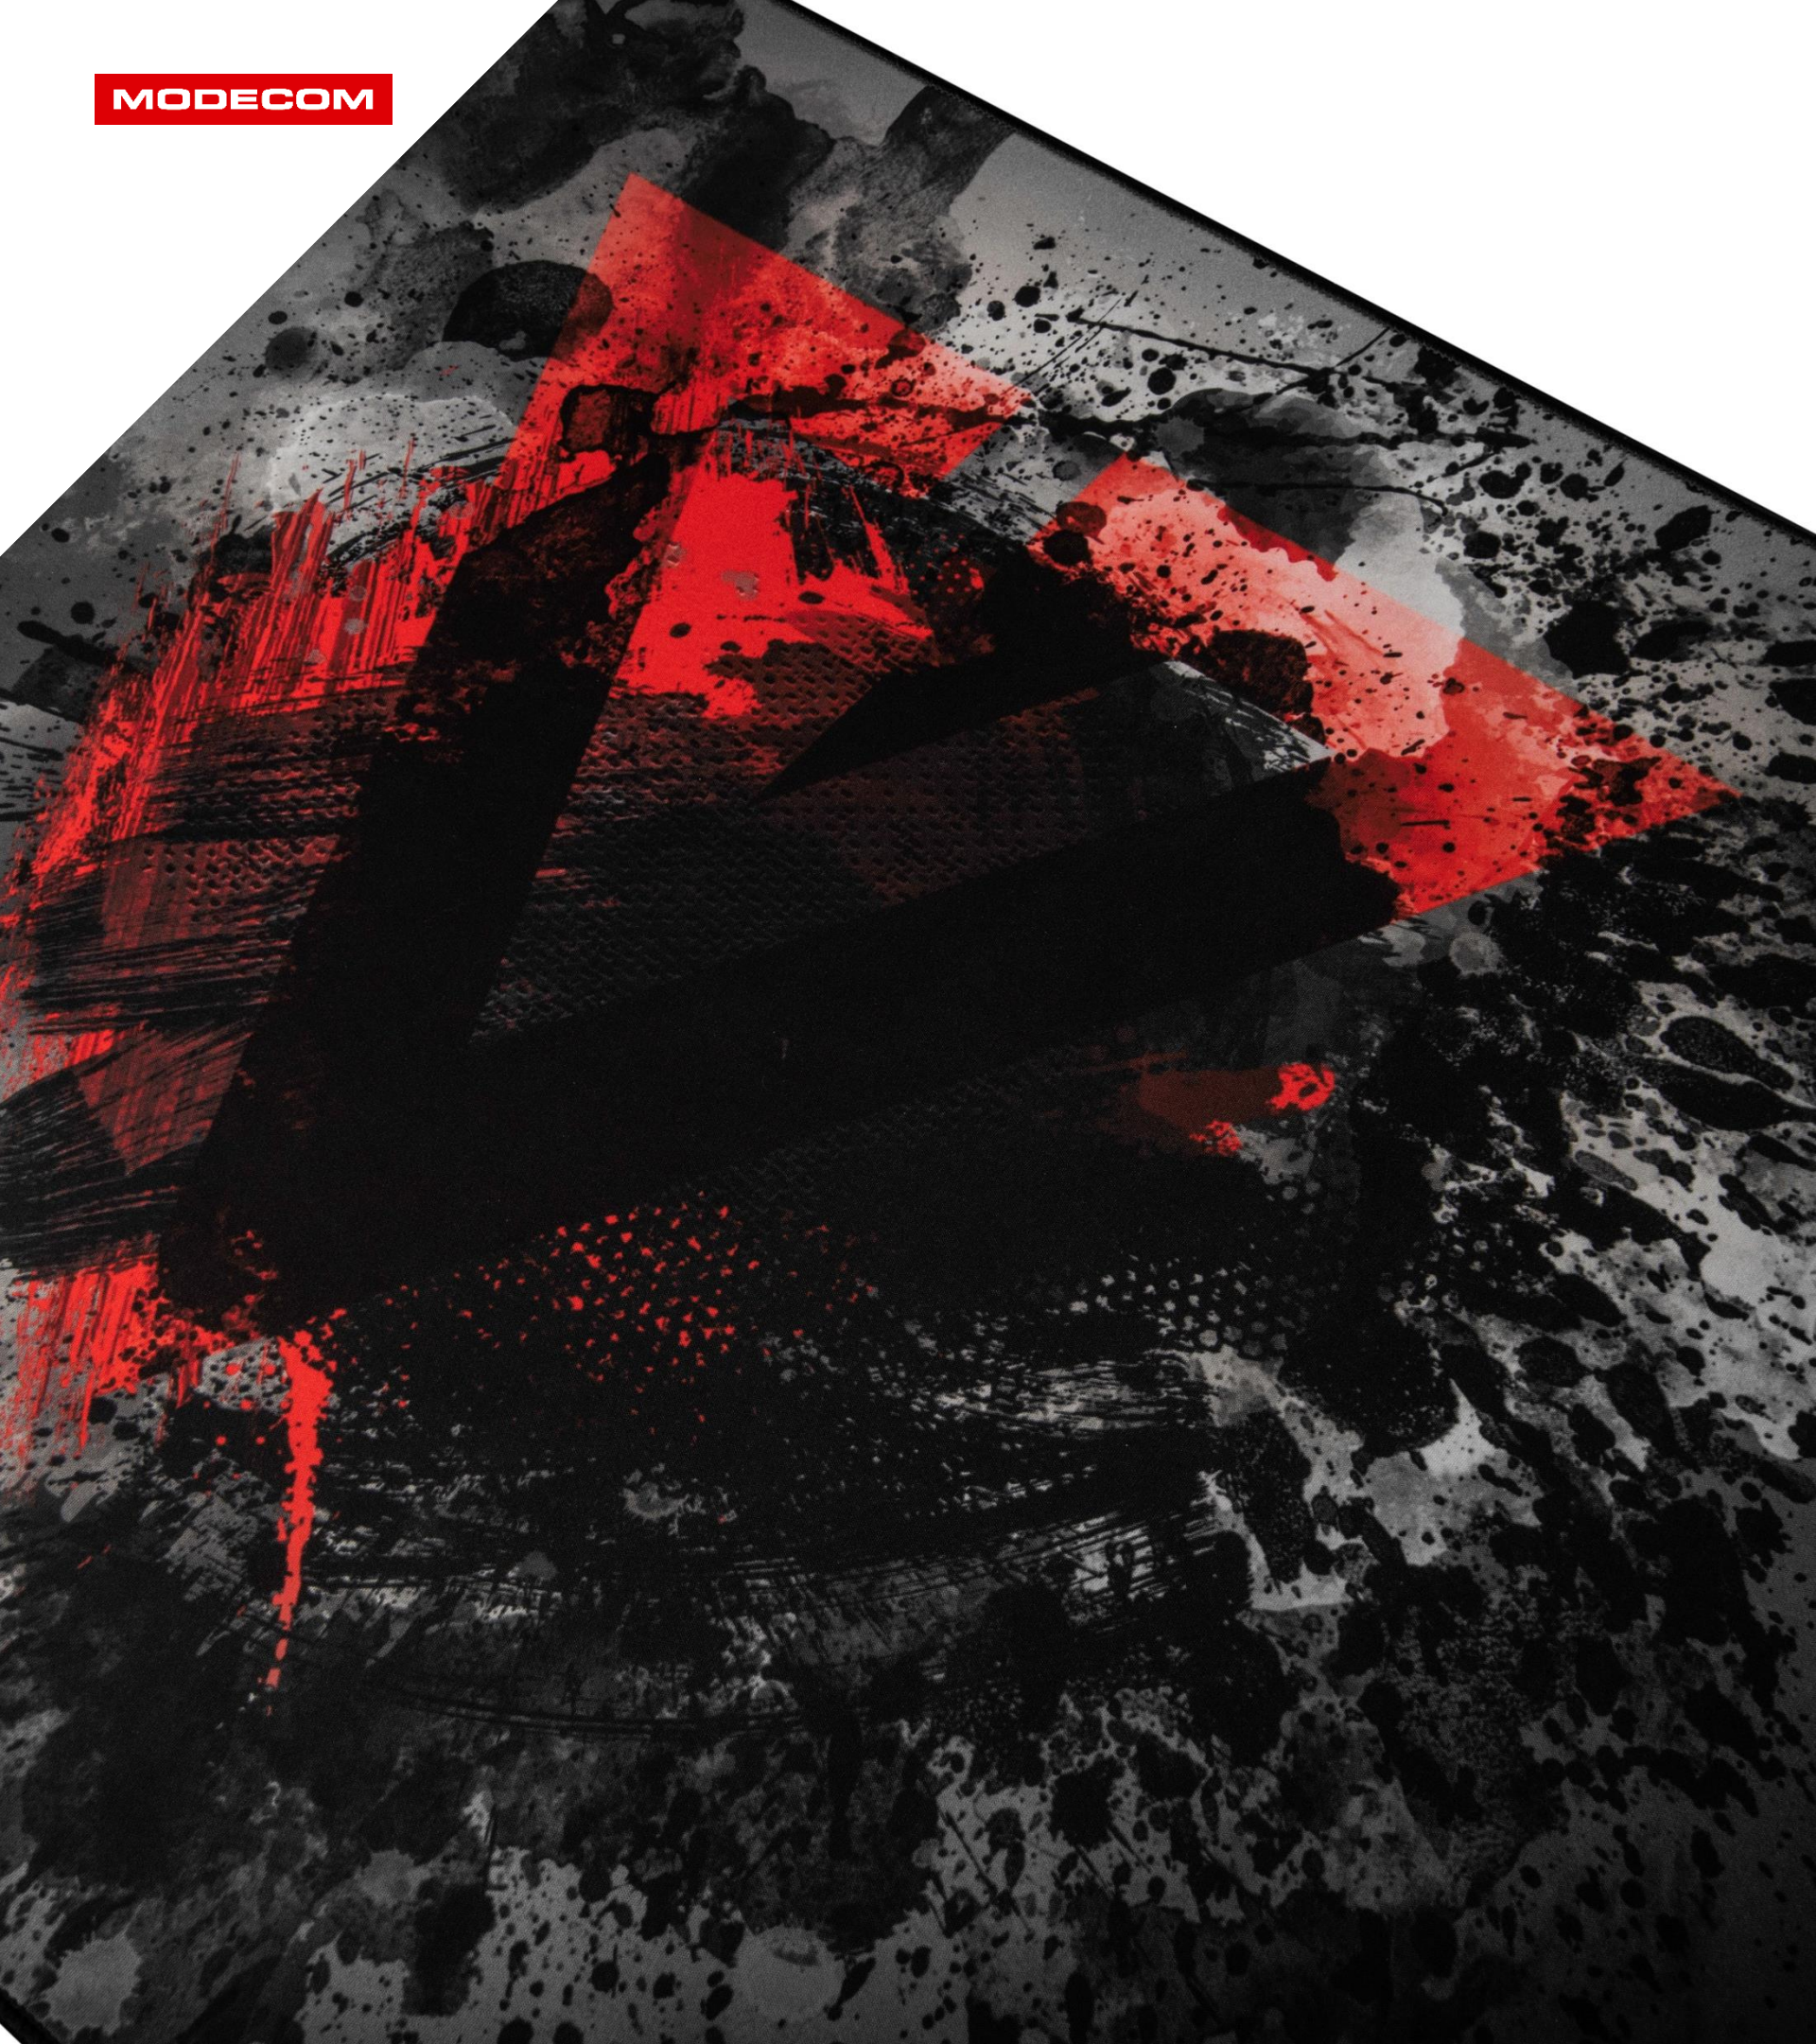

You are only limited by the desk, not the pad.

MODECOM Volcano Meru is a mouse and keyboard pad of enormous dimensions - 1200 x 600 mm. It was created for people who need a large desk pad. Mouse movements, unlimited by the surface of the pad, allow you to play freely at low DPI settings. High-quality smooth material improves the precision of the mouse, enhancing your gaming pleasure.

Created especially for gamers, it is resistant to dirt and possible spills - just wipe it with a wet cloth to effectively get rid of dirt. The original and bold design reflects the nature of the gaming stand. What's more, the graphics keep the pad much cleaner than the black pads, on which you can often see fingernail marks or dirt.

This pad is supreme to other pads in each way.

DESIGN - A SYMBOL OF INDEPENDENCE

A pad with a Volcano logo and a bold design that fits perfectly into any desk. The original pattern emphasizes the gaming position in a distinctive way, which is characterized by unrestricted freedom.

It is a symbol of freedom and independence of the gamers stand.

FREEDOM OF MOVEMENT

A pad of this size will successfully fit a mouse, keyboard, headphones, a cup and many other things that so far were disturbing on a smaller pad.

By choosing MODECOM Volcano Meru, you provide yourself with virtually unlimited freedom of movement.

Meet MODECOM Volcano Meru

The pad is made of a durable material whose structure allows you to increase the precision of the mouse sensor. It enhances the enjoyment of gaming, allowing you to get even better results in games that require quick response, reflex and precision.

The underside of the mousepad is a rubberized non-slip material that keeps it on your desk even during intense gaming. Regardless of whether game you are engaged in (FPS games or quiet simulation games), the pad will be perfect for any task.

5 REASONS WHY YOU SHOULD HAVE IT

01. CONVENIENCE

This pad is comfortable and practical. It is easy to keep the gaming desk clean, it protects the desk against scratches, increases the precision of the mouse.

02. FOR YEARS

High-quality material will allow you to use it for years.

03. DESIGN

Modern, bold design with Volcano logo.

04. HUGE SIZE

Huge size (1200 x 600 x 3 mm) covers entire desk.

05. EASY TO CLEAN

Due to the fact that it is made of material, it is very easy to keep it clean. A damp cloth is enough for this. Spilled drink? Chip leftovers? This is not a problem - just wipe the pad with a wet cloth.

EASY TO CLEAN

The smooth material of which Volcano Meru is made has a lot of advantages.

The structure of the material blocks the absorption of liquids.

ANTI-SLIP RUBBER BASE

The bottom layer of the pad is made of rubber. It does not move and lies firmly on the desk, regardless of the material it is made of (glass, plastic, wood).
